DOA:.....Thornton, BB0283 - Exempt purchases under \$500 from energy consuming equipment standards

**FOR 2011-13 BUDGET -- NOT READY FOR INTRODUCTION**

do NOT go  
don't go

1 AN ACT ...; relating to: the budget.

*Analysis by the Legislative Reference Bureau*

**STATE GOVERNMENT**

**OTHER STATE GOVERNMENT**

Under current law, a state agency purchasing equipment that consumes energy, such as equipment to provide heating, lighting, ventilation, cooling, or refrigeration, must meet certain energy efficiency standards. This bill exempts purchases that cost \$500 or less.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

from these  
standards

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

✓

2 SECTION 1. 16.75 (10e) (b) of the statutes is amended to read:

3 16.75 (10e) (b) The department, any other designated purchasing agent under

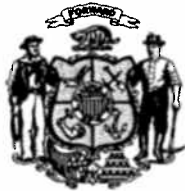

4 s. 16.71 (1), any agency making purchases under s. 16.74, and any authority may not

1 purchase energy consuming equipment costing over \$500 unless the specifications  
2 for the equipment meet the applicable standards for the equipment established  
3 under s. 16.855 (10s) (a). If there is no standard under s. 16.855 (10s) (a) applicable  
4 to the type of energy consuming equipment being purchased, or if the energy  
5 consuming equipment meeting that standard is not reasonably available, the  
6 department, purchasing agent, agency, or authority shall ensure, for purchases over  
7 \$500, that the energy consuming equipment that is purchased maximizes energy  
8 efficiency to the extent technically and economically feasible. The department,  
9 purchasing agent, agency, or authority shall not determine that energy consuming  
10 equipment that meets the applicable standard under s. 16.855 (10s) (a) either is not  
11 reasonably available on the basis of cost alone or is not cost-effective unless the  
12 difference in the cost of the purchase and installation of the equipment that meets  
13 the standard and the equipment that would otherwise be installed is greater than  
14 the difference in the cost of operating the equipment that meets the standard and the  
15 equipment that would otherwise be installed over the anticipated life of the  
16 equipment.
